With the most wonderful time of the year upon us, let's explore some luxurious condos across New York City adorned with exquisite wallpaper.

### 96+Broadway

Nested between Riverside Park and Central Park, [96+Broadway](#) is a must-see destination if you're eager to marvel at fancy wallpaper. This condominium building, sitting at 250 West 96th Street, powerfully redefines Upper West Side luxury.

If you've got a flair for design, you'll be impressed by the softness, personality, and natural accents of the pink wallpaper, implemented by the design firm Urban Casa, in the condo pictured below.
