

Abode2

WOOD GLORIOUS WOOD

09.06.23

Wood is no longer just for floors or log cabins. Now, wood clads the walls and ceilings of many New York City buildings, a feature that helps to add a dose of warmth and welcome into any common space. Abode2 takes a look around some of the chicest examples of feature custom woodwork stretching up the walls and across the ceilings in lobbies and lounges from across the US.

96+Broadway

Perfectly located between Riverside Park and Central Park, 96+Broadway is the much-anticipated Upper West Side luxury condominium building situated on 250 West 96th Street. 96+Broadway delivers chic sophistication and timeless design, combined with a suite of premium amenities designed for modern living. Designed with functionality in mind, the development offers an elite level of amenities perfect for everyone in the family. 96+Broadway offers an impressive indoor and outdoor amenities package with comprehensive wellness features including a grand 75-foot saltwater pool features wall-to-ceiling geometric Hemlock wood panelling and travertine floors for a sauna-inspired experience; while an invigorating spa suite creates moments for indulgence and self-care. The indoor pool is open to a sunken terrace, which allows natural light into the space.
